Bo Nicolaisen

make a burgermenu in javascript and html5 and css, with the following items.
about gallery contact.

Sure! I can help you create a simple burger menu using JavaScript, HTML5, and CSS. Here's an example:

HTML:

html

Copy code

```
<!DOCTYPE html>
<html>
<head>
  <title>Burger Menu</title>
  <link rel="stylesheet" type="text/css" href="style.css">
</head>
<body>
  <div class="container">
    <nav class="navbar">
      <div class="burger-menu">
        <div class="line"></div>
        <div class="line"></div>
        <div class="line"></div>
      </div>
      <ul class="menu">
        <li><a href="#">Home</a></li>
        <li><a href="#">About</a></li>
        <li><a href="#">Gallery</a></li>
        <li><a href="#">Contact</a></li>
      </ul>
    </nav>
  </div>

  <script src="script.js"></script>
</body>
</html>
```

CSS (style.css):

css

Copy code

```
.container {
  max-width: 960px;
  margin: 0 auto;
}

.navbar {
  display: flex;
  justify-content: space-between;
  align-items: center;
  padding: 20px;
  background-color: #fff;
  color: #fff;
```
